

# DEAR SURVIVORS,

No matter what Betsy DeVos says,  
**your college must still:**

- 1** **Act** to ensure your campus is not a hostile environment.
- 2** Promptly **investigate and respond to** your complaint.
- 3** Provide you the **accommodations**, including counseling, you need to learn.
- 4** Provide you the opportunity to be accompanied by an **advisor of your choice** to a disciplinary hearing and **notice of the outcome.**
- 5** Provide **violence prevention training** to students.

**Title IX and the Clery Act are  
still the laws of the land.**
